SMEG

50’s RETRO STYLE
For 70 years Smeg, based in Guastalla in the Emilia Romagna region of Italy, has been interpreting the demands of contemporary living to create domestic appliances which go beyond simple kitchen tools to become true furnishings and accessories, undisputed expressions of the best Italian design.

Thanks to an extreme focus on quality, functionality, aesthetics and ergonomics, Smeg has become synonymous with Italian style and quality, exporting Italian creativity, passion and design all around the world with pride.
Smeg’s 50’s Retro Style line is a combination of technology and aesthetics, functionality and style, which evokes the unmistakable shapes and atmospheres of the 50’s styleosophy. Bright colours, rounded lines and retro styling are reinterpreted with a modern view to create products which become the stars of the kitchen.
Rounded curves and chrome-plated details perfectly co-ordinate the interior and outer door of the refrigerator.
The range of refrigerators which have become a creative cult style icon is refreshed with interiors boasting innovative technological features and unmistakably refined details.

A NEW SOUL
FAB28
